HAMMERS, CHISELS, SPATULAS

Head

Mechanical blocking of the hammer head with a steel wedge, sealed with synthetic resin.

Safety sleeve

The hammer head with forged on shaft safety collar for additional stability and the protective nylon sheath for effective damping in the event of a miss-hit.

Shaft

Patented security shaft in 3-component composition: Core made of thick-walled aluminium tube in high strength alloy, coated with chemically resistant and xwaterproof polyamide, handle of non-slip thermoplastic rubber.

3-component club hammer and cross peen hammer

Ergonomic, indestructible, vibration-free – so gentle on joints. Patented head with forged on shaft safety collar made of high quality steel according to DIN. 3-component high-security shaft, patented, mechanically fixed with steel wedge for mechanical blocking, core made of aluminium alloy. Polyamide components ultra resistant to oil and solvents as well, handle and protective sheath made of thermoplastic non-slip rubber.

(mto da

Safety cross peen hammer

Dimensions and finish according to DIN 1041, GS certified.

With forged-on protective shaft collar and additional nylon protective haft sleeve.

With double curved hickory shaft, hammer head double secured by ring wedge and synthetic resin seal.

| Hammer | weight | g |
|--------|--------|---|
